

BKEB 100

Floor duct end plate, height=95 mm

The floor duct end plate BKEB 100 is pushed into the floor duct and bolted to the two connection straps. It forms the flush end of a floor duct and serves as a stop edge for covers. It can also be used for mounting a reducer. The BKEB 100 floor duct end plate is 100 to 600 mm wide corresponding to the floor duct, 100 mm high and is made of sendzimir hot-dip galvanised steel.

Artikel	Typ	H	B	t	W
BKEB 100-10S	Floor duct end plate	95 mm	100 mm	1.00 mm	0.218 kg
BKEB 100-15S	Floor duct end plate	95 mm	150 mm	1.00 mm	0.258 kg
BKEB 100-20S	Floor duct end plate	95 mm	200 mm	1.00 mm	0.298 kg
BKEB 100-30S	Floor duct end plate	95 mm	300 mm	1.00 mm	0.378 kg
BKEB 100-40S	Floor duct end plate	95 mm	400 mm	1.00 mm	0.468 kg
