

GVR 4.0

Mesh cable tray snap-in connector

The mesh cable tray snap-in connector GVR 4.0 connects U-shaped mesh cable trays of types G 50 and G 100 and is suitable for G 50 trays 100, 200 and 300 mm wide as well as G 100 trays 100 and 200 mm wide. The wire spacing must be 100 mm. The snap-in connector can be used universally for side or bottom connections and is designed for wires 4 mm thick. It is fitted and removed without bolts. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.
