

KLR

Clamp fastening set

The clamp fastening set KLR, consisting of FRSV 6x12 and SEMS 6, is ideal for fastening and mounting our cable trays and floor ducts to the respective substructure. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.

Artikel	Typ	W
KLR	Clamping assembly KLR	0.014 kg
KLR 6X25	Clamping assembly KLR 6x25	0.018 kg

Artikel	Typ	W
KLR E	Clamping assembly KLR E	0.016 kg
KLR 6X25E	Clamping assembly KLR 6x25E	0.020 kg

Artikel	Typ	W
KLR E4	Clamp mounting	0.018 kg
