KUNEX® A TPE, steel reinforced

Construction joint tape, TPE, internal

Internal KUNEX® TPE expansion joint tape with spring steel reinforcement reliably seals joints in concrete structures. It is installed in the centre of the concrete cross-section. The construction joint tapes are bitumen-compatible and are available with abP (German building code test certificate) in accordance with the factory standard.

AbP General building authority test certificate:
P-1201/406/18 MPA-BS
