

LGV 100

Cable ladder connector, height = 100 mm

Cable ladders can be connected to each other or cable ladders and formed parts can be connected easily and quickly using the side connector LGV 100. It is pushed onto the rail of the cable ladder from the outside and bolted to the clamp fastener. The connecting rack is then pushed in and also bolted in place. The side connector LGV 100 is 100 mm high and 220 mm long. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.

Artikel	Typ	H	L	W
LGV 100S	Cable ladder coupler	100 mm	220 mm	0.480 kg
