

LG VTO

Cable ladder connector, T-joint, top

Cable ladder connector T-joint top LGVTO is used to create a junction for LGG cable ladders with offset heights. The connector is attached to the rail profile of the LGG cable ladder at a 45° angle and folded down. The LGG cable ladder is fastened using the KLU clamp fasteners supplied. Various materials and surfaces ensure that the corrosion requirements of a wide range of applications are met.
