

MA 35

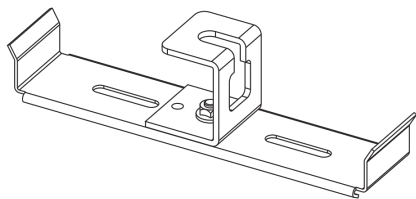

Middle suspending bracket, internal

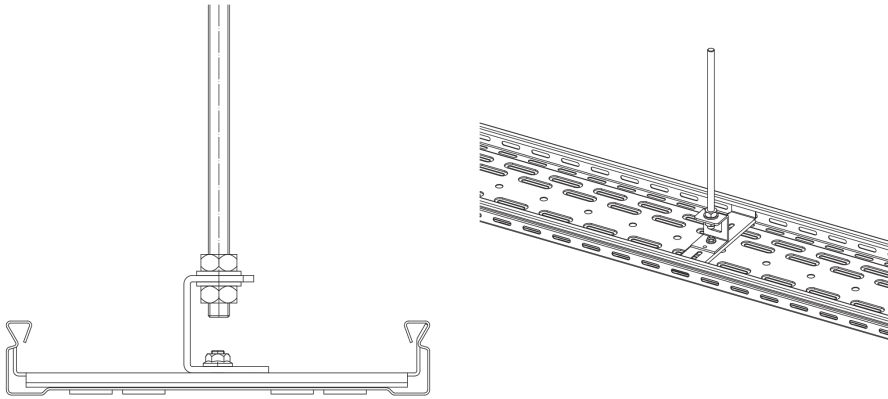

The internal central suspension MA 35 is used for suspending cable trays up to 300 mm wide from ceilings. It is designed for loads up to 0.3 kN and is made of sendzimir hot-dip galvanised steel. MA 35 must be inserted from the sides of the cable tray. It is suspended using a GB threaded rod (not included in the set).

Artikel	Typ	H	B	L	P _{max}	W
MA 35-10S	Central hanger MA 60-10S	30 mm	40 mm	97 mm	0.3 kN	0.173 kg
MA 35-20S	Central hanger MA 60-20S	30 mm	40 mm	197 mm	0.3 kN	0.235 kg
MA 35-30S	Central hanger MA 60-30S	30 mm	40 mm	297 mm	0.3 kN	0.298 kg
