

PENTAFLEX KB® 167 Agrar

joint sheet for biogas and liquid manure, slurry and silage effluent plants

PENTAFLEX KB® 167 Agrar is a joint sheet with a special coating on both sides for sealing construction joints in the liquid manure, slurry and silage effluent sector. The individual elements are 10 m long (delivered on rolls) and 167 mm high. The joint sheets are regulated by the abZ (General building inspection approval) Z-74.101-175. The joint sheets can be used in storage and filling facilities of JGS plants (as specified by section 2 (13) of the German Ordinance on Facilities for Handling Substances Hazardous to Water (AwSV)) and in biogas plants in which fermentation substrates of agricultural origin (as specified by section 2 (8) of the AwSV), except fermentation substrates containing vegetable oil, are stored or used.
