

PENTAFLEX® OBS Wall

In-situ concrete crack control element with joint sheet

PENTAFLEX® OBS Wall wall elements consist of PENTAFLEX KB® joint sheets with wings made of galvanised sheet steel. They come in lengths of 2.50, 2.75 and 3.00 m as standard. The standard installation dimension is 140 and 180 mm for walls 240 - 250 and 300 mm thick respectively. Larger installation dimensions are possible on request. The wall elements are supplied ready for installation.

Artikel	Typ	L	W
110700004416	Penta OBS Fuge 140 2.5	2500 mm	2.450 kg
110700004417	Penta OBS Fuge 140 2.75	2750 mm	2.450 kg
110700004418	Penta OBS Fuge 140 3.0	3000 mm	2.450 kg
110700004419	Penta OBS Fuge 160 2.5	2500 mm	2.525 kg
