

RAB 110

Cable tray end plate, height = 95 mm

The cable tray can be closed using the cable tray end plate RAB 110. To do so, bend the cable tray end plate into a U shape, push it into the cable tray and bolt it in place. A cable tray reducer can also be created by bending the end plate in the shape of a Z as specified in the installation instructions. The cable tray end plate RAB 110 is 95 mm high corresponding to the tray and is 100 to 600 mm wide. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.
