

RADR

Cable trays branch cover with turning bolts

The cable tray branch covers RADR are suitable for RA cable tray branches and protect them from dirt and moisture. They snap into place and interlock with the side rails and also have turning bolts for additional attachment to the branch. If the covers are to be used outdoors, additional securing brackets to protect against wind are required. In this case, the twist lock alone is not sufficient as a retaining element. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.

Artikel	Typ	B	W
RADR 10S	Cable tray branch-piece cover with bar	106 mm	0.293 kg
RADR 20S	Cable tray branch-piece cover with bar	206 mm	0.581 kg
RADR 30S	Cable tray branch-piece cover with bar	306 mm	1.289 kg
