
RGV 60

Cable tray side connector, height = 45 mm

Cable trays can be connected easily and quickly using the side connector RGV 60 and the VB floor connector. Side connectors are also used for horizontal and vertical bends, crossings, branches and reducers in accordance with the installation instructions. The side connector RGV 60 is 45 mm high and is 190 mm wide. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.
