

RKD

Cable tray crossing cover

The cable tray crossing covers RKD are suitable for RK cable tray crossings and protect them from dirt and moisture. They snap into place and interlock with the side rails. If the covers are to be used outdoors, additional securing brackets to protect against wind are required. We provide components in various materials and surface finishes to ensure that the corrosion requirements are met for all sorts of applications.

Artikel	Typ	B	W
RKD 10S	Cable tray cross-piece cover RKD 10S	106 mm	0.260 kg
