

SABR

Side outlet plate tray

The SABR cable tray side outlet plate helps to maintain the required bending radii and reduces the strain on the cables when they exit or enter the cable tray. It is mounted on the cable ladder with the KLR clamp fastening set. The mounting brackets can be fixed with the RKAB outlet plate in various widths, projecting inwards or outwards. Different materials and surfaces ensure that the corrosion requirements of a wide range of applications are met.

Steel, pre-galvanised/Sendzimir process

Article	Type	H	B	L	G
SABR S	Side outlet plate tray	68 mm	89 mm	40 mm	0.126 kg

Steel, hot-dip galvanised

Article	Type	H	B	L	G
SABR F	Side outlet plate tray	68 mm	89 mm	40 mm	0.136 kg

Stainless steel, acc. to AISI 304 (BS 304S31)

Article	Type	H	B	L	G
SABR E	Side outlet plate tray	68 mm	89 mm	40 mm	0.130 kg

H: height

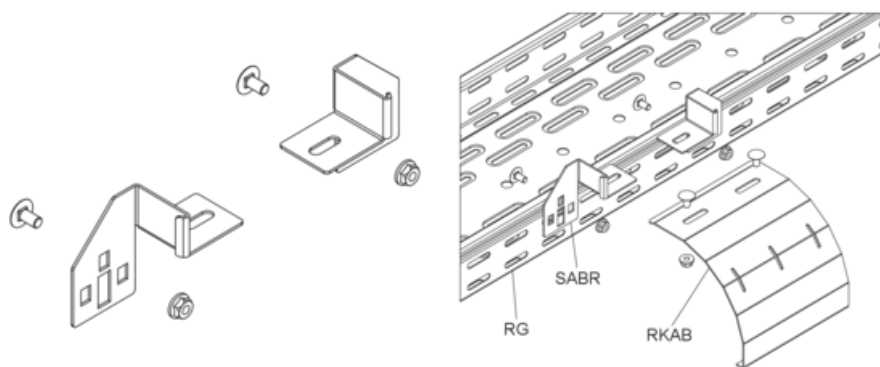

B: width

L: length
