

UAA B

Cover, dummy

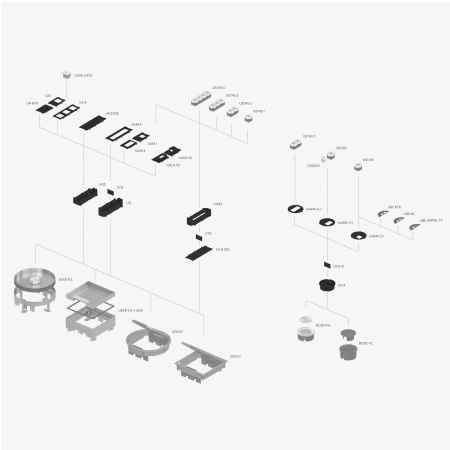

DIN

UAA B components from the underfloor systems range are one-piece dummy covers. The square covers are used to cover empty spaces in UA cover plates as long as they are not equipped with the corresponding installation devices. This could be a 45x45 mm installation device or suitable suspension bracket installation devices. The snap-on covers are made of high-quality ABS copolymer (ABS) in graphite black (RAL 9011). They have a matt surface and are available with various installation dimensions.

Artikel	Typ	B	L	E1	colour	W
UAA-B 45	cover UAA-B 45, dummy single	45 mm	45 mm	40.5 mm	RAL 9011 (graphite black)	0.008 kg
UAA-B 50	cover UAA-B 50, dummy for boring	53 mm	53 mm	48 mm	RAL 9011 (graphite black)	0.008 kg
