

UARM-3-KS1

Cover plate for 3 modules 22.5x45 mm and 1 keystone

UARM-3-KS1 components from the underfloor system product range are round cover plates with a square opening. The installation boards, equipped with three snap-in 22.5x45 mm data connection sockets and a keystone data module measuring 19.5x14.9 mm, can be bolted into BODO single outlets. The cover plates are made of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346. The installation dimension E1 is 63 mm, E2 40.5 mm and the installation dimension for the keystone data module E3 is 19.5 mm and E4 14.9 mm.
