

UAVS 113

Cover plate, snap-in

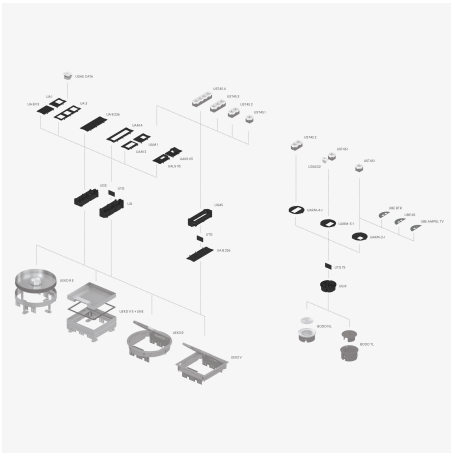

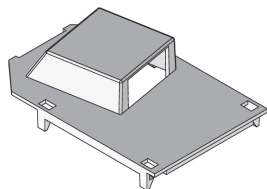

DIN

UAVS 113 components from the underfloor systems range are one-piece cover plates that are system-related accessories for UG45-4 mounting boxes. The square boards are used for screwless installation of snap-in connectors. They are made of high-quality ABS copolymer (ABS) in graphite black (RAL 9011) and have a matt surface. The cover plates are 113 mm long and have the installation dimensions of E1 33 mm and E2 16 mm.

Artikel	Typ	B	L	E1	E2	colour	W
UAVS-1-1 113	cover plate	74 mm	113 mm	33 mm	16 mm	RAL 9011 (graphite black)	0.028 kg
