

UBE BBDL

Dummy cover set

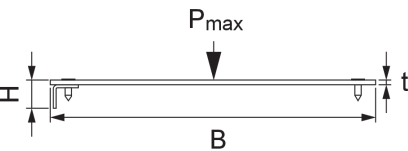

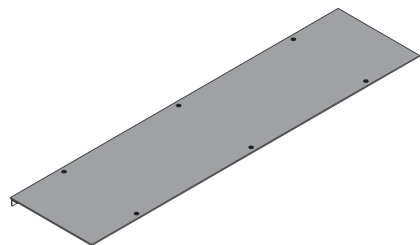

UBE BBDL components are a dummy cover set for screed-flush duct systems CHALI. They can be used for the CHALI floor pan and for door crossings in exchange for hinged cover. These products are made of sendzimir hot-dip galvanised sheet steel (DIN EN 10346). The articles are suitable for typical office loads. The set is supplied including six galvanised (in line with DIN EN ISO 4042) countersunk sheet metal bolts BSS 4.8 x 16.

Artikel	Typ	H	B	L	t	P _{max}	W
UBE BBDL 25S		20 mm	248 mm	1000 mm	3.00 mm	5.00 kN	6.417 kg
