

UBSFES

Mounting kit T-junction

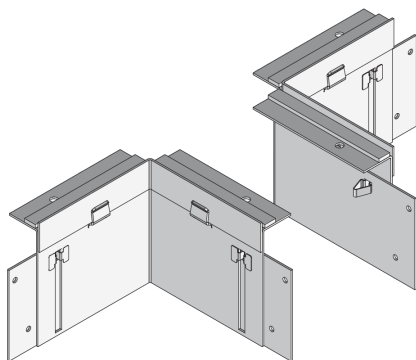

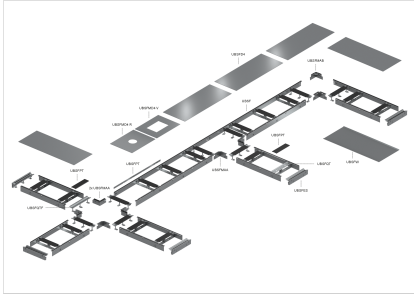

UBSFES is a mounting kit made of hot-dip galvanised sheet steel for creating T-junctions within the screed-flush duct system UBSF. The pre-assembled covering joint profiles (covering level: 0 and 3 mm) are included in the shipment. The necessary crossbeams and levelling base must be ordered separately. 2 levelling base per crossbeam are required for profiles with a width of up to 300 mm. 3 levelling base per crossbeam are required for profiles with a width of 400 mm and more. The minimum installation height of the mounting kit varies between 60 and 150 mm, depending on the product. The component complies with DIN EN 50085 - the European standard for electrical installation duct systems, and is tested and certified by VDE.

Artikel	Typ	H _{min}	N	W
UBSFMAA 60S	installation set T-branch,	60 mm	20 mm	0.579 kg
UBSFMAA 75S	installation set T-branch,	75 mm	30 mm	0.653 kg
UBSFMAA 100S	installation set T-branch,	100 mm	55 mm	0.790 kg
UBSFMAA 150S	installation set T-branch,	150 mm	105 mm	1.051 kg
