

UDEP SYS

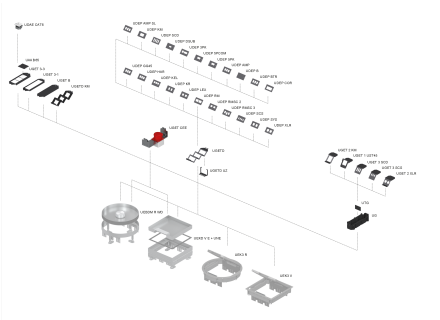

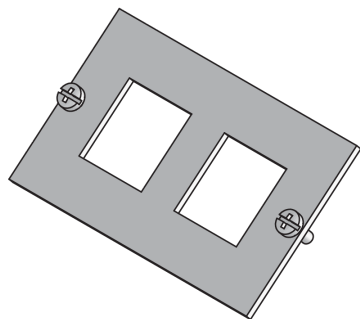

Mounting board, data technology

UDEP SYS components are installation boards from the underfloor system range. The boards are bolted into data device carriers and are used to accommodate up to 2 data jacks made by Systemax. The installation boards are made of aluminium with a black coating on one side and have the installation dimensions of E1 20.8 mm and E2 19.7 mm. The M30MC mounting frame can be obtained separately from the manufacturer for mounting data jacks.
