

UDKS V 4

Universal claw set for hinged cover, angular

UDKS V 4 product solutions are universal claw sets from the underfloor system range. These claw sets are hooked into the frames of square installation units made of plastic where they ensure a firm connection between the square hinged covers and the frames of the units. This accessory consists of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346 and is supplied as a set of four claws with a clamping range of 30 - 45 mm.
