

UEBDSM V WD

Stainless steel heavy-duty tube cover unit, 3x, angular

UEBDSM V WD components are square heavy-duty tube cover units. They consist of a heavy-duty tube outlet cartridge with bolted tube mounting kit and a rubber seal. The units are suitable for mounting on levelling units in floor sockets, assembly covers and raised or false floor openings in wet-cleaned rooms with high traffic loads. They can accommodate max. 3 mounting boxes with installation devices. They are made of stainless steel V2A with an IP protection rating of IP 54 in an unused condition and an IP protection rating of IP 22 when used. They are available with installation dimensions of 261 x 261 mm.
