

UEBDSM1-2 V WD

Stainless steel heavy-duty tube cover single outlet cartridge, 2x, angular

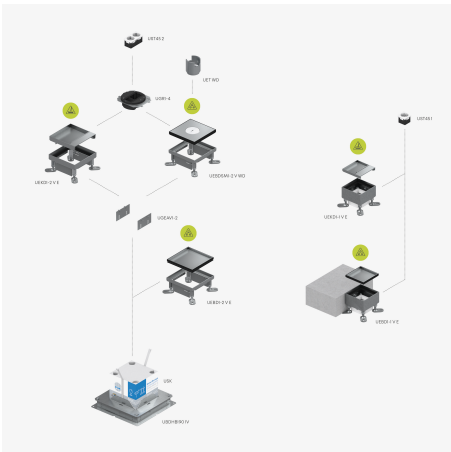

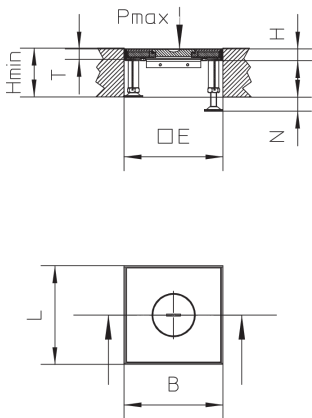

UEBDSM1-2 V WD elements are height-adjustable cartridge mounting frames with heavy-duty tube covers. The square single outlets with abutting edges are used to accommodate two installation devices. They are suitable for installation in floor sockets and raised or false floor openings in wet-cleaned rooms with office traffic loads. The cartridges and frames are made of stainless steel (V2A) and the substructures of hot-dip galvanised sheet steel. They have a flat, blasted surface. They have an IP protection rating of IP 22 when used and IP 54 in an unused condition.
