

UEBSBMD 307R

Assembly cover, dummy, round

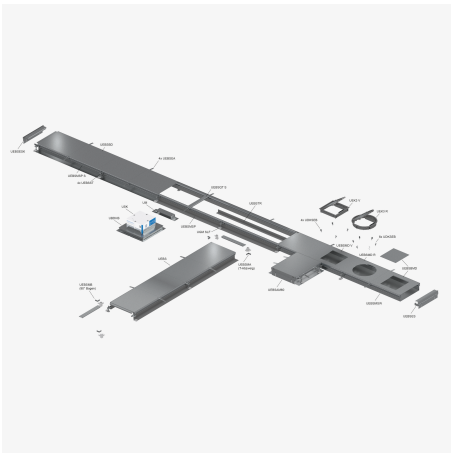

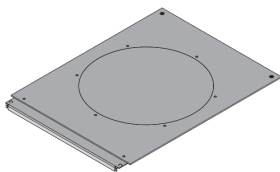

DIN

The UEBSBMD components are dummy assembly covers for screed-flush duct systems. These products are made of sendzimir hot-dip galvanised sheet steel in line with DIN EN 10346 and have round or square cut-outs of various sizes. The products are designed for typical office loads and can alternatively be combined with a dummy cover to accommodate two to three mounting boxes. The assembly covers are supplied with two galvanised (in line with DIN EN ISO 4042) countersunk sheet metal bolts BSS 4.8 x 16.

Artikel	Typ	B	L	t	mounting box	E	W
UEBSBMD-307R 40S	assembly dummy cover,	400 mm	500 mm	3.00 mm	3	307 mm	5.257 kg
UEBSBMD-307R 50S	assembly dummy cover,	500 mm	500 mm	3.00 mm	3	307 mm	6.817 kg
