

UEBSMD 260V

Assembly cover, angular

UEBSMD components are assembly covers for screed-flush duct systems. These products are made of sendzimir hot-dip galvanised sheet steel (DIN EN 10346), have round or square openings and come in a range of sizes. The articles are suitable for typical office loads. They can alternatively be installed with a dummy cover to accommodate a single BODO outlet or in combination with plastic installation units for two to three mounting boxes. The assembly covers have a VDE approval according to DIN EN 50085 and are supplied with two galvanised (in line with DIN EN ISO 4042) countersunk sheet metal bolts BSS 4.8 x 16.

Artikel	Typ	B	L	t	mounting box	E1	E2	W
UEBSMD-260V 40S	assembly cover,	400 mm	500 mm	3.00 mm	3	261 mm	261 mm	3.941 kg
UEBSMD-260V 50S	assembly cover,	500 mm	500 mm	3.00 mm	3	261 mm	261 mm	5.363 kg
