

UEBSST

Levelling support

UEBSST mounting components are levelling supports for height adjustment in screed-flush duct systems. These products are made of sendzimir hot-dip galvanised steel in accordance with DIN EN 10346. They are available in three different installation heights starting from 60 mm, they have an adjustment range of 50 or 100 mm and come in three different weights. The supports are supplied with a button head screw, levelling base and connector and can optionally be extended with an impact sound sleeve accessory.

Artikel	Typ	H _{min}	N	W
UEBSST 150S	Levelling support	100 mm	50 mm	0.179 kg
UEBSST 220S	Levelling support	140 mm	100 mm	0.197 kg
UEBSST 80S	Levelling support,	60 mm	50 mm	0.145 kg
