

UG45WA-2-1

Mounting box, pre-assembled, WAGO

UG45WA-2-1 components are prefabricated mounting boxes. They are equipped with a WAGO 3-pin snap-in plug, a pre-wired socket (1 gang and 2 gangs) and all covers and mounting materials. The mounting boxes can be fitted with 3-pole connection cables with plug and socket and then inserted into an installation unit for raised and false floors. The UG45WA-2-1 are made of acrylonitrile-butadiene-styrene copolymer.
