

UG45WI-2-2

Mounting box, pre-assembled, Wieland

UG45WI-2-2 components are prefabricated mounting boxes. They are equipped with a Wieland 3-pole snap-in plug, a pre-wired socket (2x 2 gangs) and all covers and mounting materials. The mounting boxes can be connected with 3-pole connection cables with plug and socket in the floor area. They are made of ABS copolymer.
