

UGE3 RDDE

Mounting box insert, 3x, for stainless steel units, round

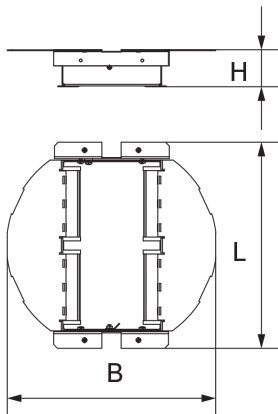

The UGE3 RDDE components are service outlets with side panels that can be bolted into round stainless steel installation units suitable for a maximum of three mounting boxes. The inserts can be equipped with up to four installation devices measuring 45x45 mm and up to 6 single data jacks. They are made of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346.
