

UGEAMR

Snap-in ladder set for cartridge units, machine cleaning, 3x, round

UGEAMR components are snap-in ladder sets for accommodating max. 3 mounting boxes. The sets consist of two individual snap-in ladders that are attached to the frame of the installation units using suitable bolts. They are suitable for mounting on the stainless steel tube cover units for machine cleaning. The products are made from sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346. They are 190 mm wide, 55 or 84 mm high and have a locking range of 25 or 35 mm.
