

UGEAV

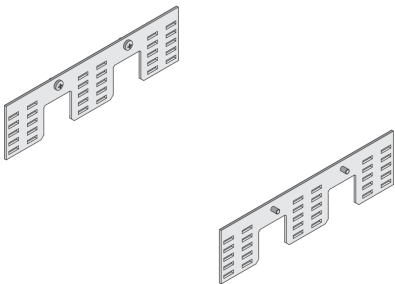

Snap-in ladder set for stainless steel unit, 3x, angular

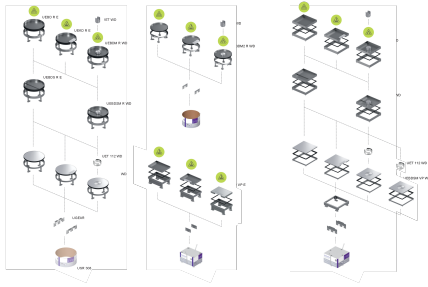

UGEAV components are snap-in ladder sets for square stainless steel units. The snap-in ladders can be bolted to the frames of UNE levelling units for square stainless steel cartridges with cable or tube outlets. The cartridges can then be fitted with up to three mounting boxes for installation devices. The snap-in ladder sets are made of sendzimir hot-dip galvanised steel (DIN EN 10346).

Artikel	Typ	H	B	mounting box	W
UGEAV-50S	lock-in lead set angular, H=50 mm,	50 mm	186 mm	3	0.208 kg
UGEAV-80S	lock-in lead set angular, H=80 mm,	77 mm	186 mm	3	0.378 kg
