

UGET 2 KM

Mounting box assembly carrier, audio/video technology

UGET 2 KM components are mounting box assembly carriers from the underfloor systems range. The installation supports are bolted into the UG mounting boxes and are used to accommodate a Kindermann 25x50 mm or 50x50 mm audio/video connection panel. The device carriers are made of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346 in black (similar to RAL 9011) and are available with installation dimensions of E1 48 mm and E2 38 mm.
