
UGET 2 KM

Mounting box assembly carrier, audio/video technology

UGET 2 KM components are mounting box assembly carriers from the underfloor systems range. The installation supports are bolted into the UG mounting boxes and are used to accommodate a Kindermann 25x50 mm or 50x50 mm audio/video connection panel. The device carriers are made of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346 in black (similar to RAL 9011) and are available with installation dimensions of E1 48 mm and E2 38 mm.

Steel, pre-galvanised/Sendzimir process
