

UKENP 260

Levelling plate

UKENP 260 components are levelling plates from the underfloor systems product range. These accessories are used for additional height adjustment of compact single outlets. The outlets are positioned flush with the finished floor on the levelling plates during installation. Using four levelling screws, its height can be flexibly adapted to the respective installation situation within a range of 25 - 75 mm. The levelling plates are made of sendzimir hot-dip galvanised sheet steel in accordance with DIN EN 10346.
