

WPEA 100

Wide-span attachment corner element

The wide-span attachment corner WPEA 100 allows the direction of cable routing to be changed horizontally by 90° and is suitable for wide-span cable trays with side rails 100 mm high. It is combined with the wide-span cable tray corner extension WPLEAB or wide-span cable tray attachment corner WPREAB. It can also be used to create T branches. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.
