

WPLK 100

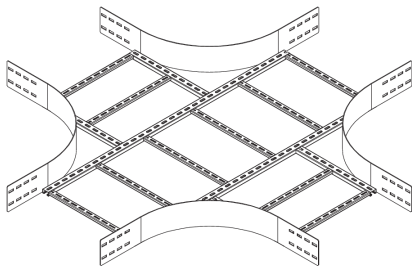

Wide-span cable ladder crossing, height = 100 mm

The wide-span cable tray crossing WPLK 100 with integrated connectors serves as a formed part for horizontally intersecting wide-span cable trays. It is suitable for cable ladders with rails 100 mm high and is 200 to 600 mm wide. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.
