

WPRK 120

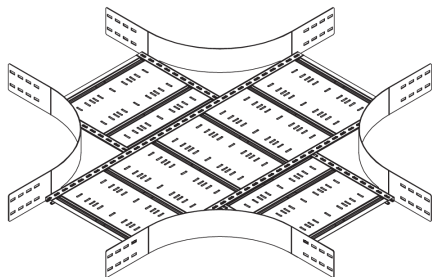

Wide-span cable tray crossing, height = 120 mm

The wide-span cable tray crossing WPRK 120 with integrated connectors serves as a formed part for horizontally intersecting wide-span cable trays. It is suitable for trays with rails 120 mm high and is 200 to 600 mm wide. The connection trays can be pushed in with a VB floor connector. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.
