

WPVTO

Wide-span cable tray connector, T-joint, top

Wide-span cable ladder connector T-joint top WPVTO is used to create a junction for vertically offset wide-span cable ladders WPL. The connector is inserted at a 45° angle onto the rail profile of the wide span cable ladder WPL and folded down. The WPL wide-span cable ladder is fastened using the SKLL clamp fasteners supplied. Various materials and surfaces ensure that the corrosion requirements of a wide range of applications are met.

Artikel	Typ	H	B	L	t	W
