

BKSDR-WZB AL

Floor duct riser cover made of aluminium diamond plate

The BKSDR-WZB AL floor duct riser cover is placed on top of the BKS floor duct riser and protects cables and supply lines from flying sparks and other mechanical effects. It is 100 to 600 mm wide corresponding to the riser. The floor duct riser cover is made of aluminium diamond plate with slip resistance class R10. With a maximum compartment size of 200 mm, we guarantee a tested load capacity of 3.00 kN according to EN 50085-2-2. They come with pre-assembled turning bolts.
