

ISOPRO® IP 120 QQ

ISOPRO® IP 120 QQ is a thermally insulated slab connection with a 120 mm insulating body for transmitting positive and negative shear forces in supported reinforced concrete components with uplifting loads. The stainless steel rebar is resistant to corrosion. It complies with fire protection requirements: ISOPRO® IP 120 QQ is available for fire protection structures up to REI 90. Please specify the load-bearing capacity, element height and fire protection version when ordering.
