

JZS M10

Toothed t-bolt

JZS M10 have the general Building authority approval . They are used in conjunction with K 41/22 toothed anchor channels and mounting channels and are made of hot-dip galvanized steel or stainless steel. Another feature of the bolts are the two notches at the end of the shaft. The JZS M10 are available in different lengths. The nuts are included.

steel, batch/hot-dip galvanized
