

KDIA-G

Adapter for KDI, welded

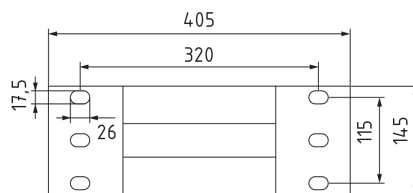

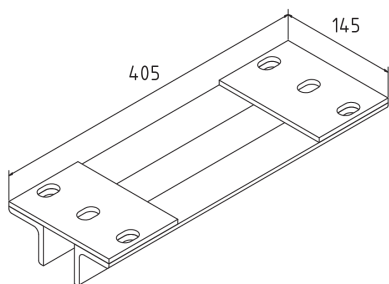

KDIA-G is an adapter for KDI bracket holders that reduces the loads on the dowels or distributes the load to 4 dowels in compliance with the approval. It is inserted into the bracket holder from below. The bracket holder is fixed directly to the concrete using the KDIA-G. The adapter is made of hot-dip galvanized steel.

steel, batch/hot-dip galvanized

Products	weight
