

KUNEX® D TPE

Expansion joint tape, TPE, internal

Internal KUNEX® TPE expansion joint tape reliably seals joints in concrete structures. It is installed in the centre of the concrete cross-section. The expansion joint tapes absorb expansion and shear movements, are bitumen-compatible and are available with abP (German building code test certificate) in accordance with the factory standard

Products	B	Band width	Width hollow section	Width expansion element	Thickness expansion element	Height anchor rib	W
