

RAPIDO-Clamp Type D-Set

Adjustable tension strap

To match our RAPIDOBAT® formwork tubes, we carry various accessories that ensure easy erection, casting and stripping of the formwork tubes. These include the RAPIDO type D tensioning set. The sets consist of an adjustable tensioning strap with two brackets and welded-on Dywidag tie rods. They are used for safe alignment with tension and compression struts. The tensioning straps can be used for formwork tubes with a diameter of 200 to 1200 mm.
