

Release Agent for Capitals and Bases

Release agent for stripping

To match our RAPIDOBAT® formwork tubes, we carry various accessories that ensure easy erection, casting and stripping of the formwork tubes. They include, among other things, a release agent for capital and base shuttering units from our range. The gel-like release agent ensures makes stripping the formwork from the concrete easier and faster. The consumption is approx. 0.65 litres per standard element. The tare weight of one bucket of release agent is 2.14 kg.
