

## UAA B 22

Cover, black

UAA B 22 components are snap-in covers from the range of installation devices for underfloor systems. These half-size, one-piece plates are used to cover existing cover plates that are used for installation devices with the dimensions 45x22 mm. The UAA B 22 are made of high-quality ABS copolymer in black.

Products	B	L	color	W
UAA-B 22	45 mm	23 mm	black	0,004 kg

**B:** width
