

UAA B

Cover, dummy

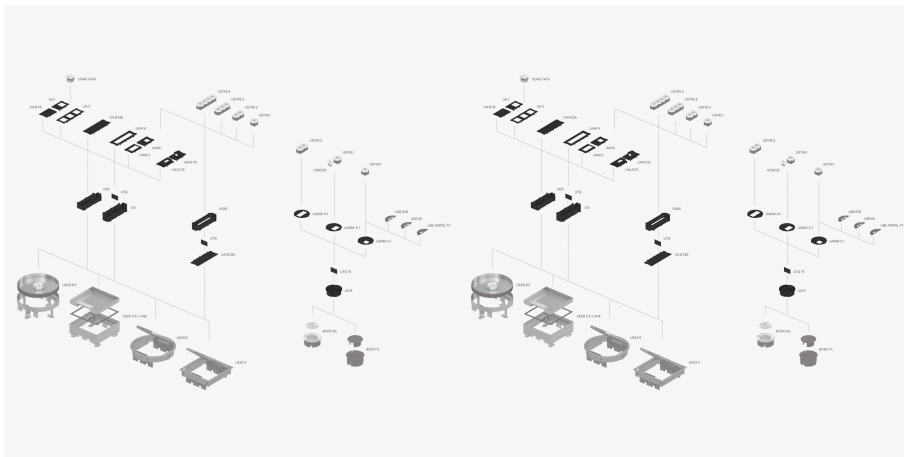

UAA B components from the underfloor systems range are one-piece dummy covers. The square covers are used to cover empty spaces in UA cover plates as long as they are not equipped with the corresponding installation devices. This could be a 45x45 mm installation device or suitable suspension bracket installation devices. The snap-on covers are made of high-quality ABS copolymer (ABS) in graphite black (RAL 9011). They have a matt surface and are available with various installation dimensions.

| Products | B | L | E1 | color | W |
|----------|-------|-------|---------|---------------------------|----------|
| UAA-B 45 | 45 mm | 45 mm | 40,5 mm | RAL 9011 (graphite black) | 0,008 kg |
| UAA-B 50 | 53 mm | 53 mm | 48 mm | RAL 9011 (graphite black) | 0,008 kg |

B: width
L: length
E1: fitting dimension E1
W: Weight per storage unit
