

UBSFMD4 R

Mounting cover, for round parts

The UBSFMD4 R component is an assembly cover for round parts within the screed-flush duct system UBSF. It is made of hot-dip galvanised sheet steel, has a length of 500 mm and is available in widths of 200 to 600 mm. The component complies with DIN EN 50085 - the European standard for electrical installation duct systems, and is tested and certified by VDE.

steel, continuously hot galvanized/Senzimir process
