

UBSFPTMA

Covering joint profile mounting kits

The UBSFPTMA component is a stainless steel covering joint profile for the screed-flush duct system UBSF. The profile is designed for the mounting kits "90° bend" and "T-junction". Suitable for covering levels from 0 to 3 mm. The component complies with DIN EN 50085 - the European standard for electrical installation duct systems, and is tested and certified by VDE.

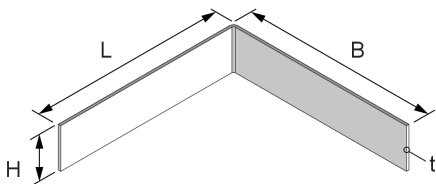

Stainless steel, according to ASTM 304 / BS 304 S 3
