

## UDKS R 1

Universal claw for BODO T single outlet

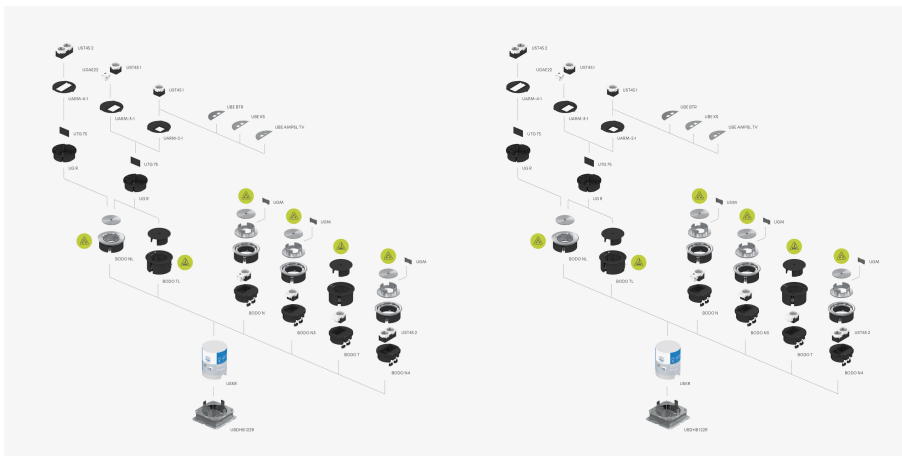

UDKS R 1 components are universal claws from the range of installation units for underfloor systems. The accessories are hooked into the protective frame of BODO N single outlets using the enclosed button head screw and ensure that they are securely connected. They are suitable for installation in screed, raised and false floors. The claws are made of sendzimir hot-dip galvanised sheet steel according to DIN EN 10346 and have a clamping range of 16 - 20 mm.

Products	k	W
UDKS-R 1	16 - 20 mm	0,008 kg

**k:** clamping range  
**W:** Weight per storage unit
